We were looking for a place like this - a building with a history, well renovated, with beautiful furnishing, comfortable beds, linen that feels so good on your skin, carpets, art, books and hospitality in the true sense of it - warm, welcoming and a cup of tea whenever you want, not to forget a cooked breakfast served!

Thank you, we found it here! Hope to come back,

Thank you, Ron + Sandra!!

You two made our stay here wonderful. The 1802 house was exactly what we were looking for for our anniversary weekend - Clean, comfy + homey. Loved every second of our stay + we will definitely be returning.

Thank you, Sandra for the great hospitality. The breakfast was great, and I like the coffee very much.

The house is big, clean, convenient and stylish. We family enjoy very much staying here, albeit a bit short.

We would definitely come back!

The Inn is one of the most beautiful we've ever stayed at. Very nicely appointed. Sandra, thank you for two delicious and well-balanced breakfasts.

I look forward to seeing the carriage house when it's renovated.

Happy holidays to you all.
